"It is a fantastic job these magnificent actors and actresses who bring the war cry in the body and the brightness of Liberty in the eye! I saw them in Kanafani last week and was rendered with the magnificent work, it thrilled me, it moved me, I became involved.

I left wanting to learn Arabic and go around the world battle for the construction of a fairer, freer, more humane existence!

The mission of the theater in the communities is fulfilled as well.

Congratulations for the excellent work The Freedom Theatre, Micaela Miranda and Nabil and all who engage and involve us in this quest. BRAVO!!!!" - Silvia Carvalho

"Thanks for the inspiration, the courage and the wonderful work of the Freedom Theater! Your words are full of courage, strength, an intelligent humor and human intensity. It was the richest moments in theater that I was privileged to watch in recent times. Your dedication makes me have hope and give me courage to realize that when you need to fight for an open dialogue but full of risks must not falter. Or before the danger of being ostracized or before

The play challenged many stereotypes, pushed some cultural boundaries, was funny, angry, political and full of love and hope at the same time.
